Fast Cart & Checkout for WooCommerce Documentation

Replace the default WooCommerce cart with a sleek, customizable popup for faster shopping and checkout. Enhance user experience with fast checkout options, and personalized design settings.

Installation and Activation

1. Download the .zip file for **Fast Cart & Checkout for WooCommerce**.
2. Go to: WordPress Admin > Plugins > Add New to upload the file you downloaded with Choose File
3. Now, **Install** and **Activate** the extension.

More information at: Install and Activate Plugins/Extensions.

Configurations

To access the Fast Cart & Checkout plugin settings, go to **WooCommerce → Settings → Fast Cart →** General Settings in your **WordPress Admin Dashboard**.

Here, you will find the following Settings

General Settings

1. **Layout**
   a. **Side Cart:** Displays the cart as a sleek side panel.
   b. **Centered Popup:** Displays the cart as a centered modal popup.
2. **Automatically Open Cart:** By choosing this option, the cart popup will automatically open when a product is added to the cart.
3. **Direct Checkout:** Enabling this option will automatically open the checkout page in the popup when customers add a product to their cart.
4. **Hide on Mobile:** This option will hide the fast cart & checkout on mobile devices.
5. **Popup Animation:** Select cart & checkout popup animation (Simple, Slide-in, Zoom, Fade).
6. **Cart Button Style:** Choose cart button style (Icon only, Text only, Icons & Text).
7. **Cart Button Text:** Add a text to display with/without a cart icon.

8. **Cart Icon Position:** Choose cart icon position (Hidden, Top, Bottom, Center).
9. **Replace Cart Page:** This will replace traditional cart page with customized cart popup of this plugin.
10. **Replace Checkout Page:** This option will replace the traditional checkout page with customized checkout popup of this plugin.

Display/Hide Cart Contents

Go to **WooCommerce** → **Settings** → **Fast Cart** → Cart Contents in your **WordPress Admin Dashboard**.

Here, you can choose the following content to display or hide on the cart popup.
.

1. **Product Quantity Pickers:** Allow customers to adjust product quantities directly from the cart.
2. **Product Prices:** Display the price of each item in the cart.
3. **Product Subtotals:** Show the subtotal for each individual product.
4. **Order Subtotals:** Display the total cost of all items in the cart, excluding shipping and taxes.
5. **Product Images:** Include product images in the cart for visual reference.
6. **Delete Buttons:** Provide customers with the option to remove items from the cart.
7. **Shipping Information:** Display estimated shipping costs and delivery timeframes.
8. **Continue Shopping Button:** Allow customers to return to the product pages to add more items.
9. **Coupon Codes:** Enable customers to apply discount codes to their order.
10. **Product Recommendations:** Suggest additional products that customers may be interested in purchasing.
